General Assembly in Athens

First of all we would like to thank again our friends of EO Filpa who organised the accommodation and social arrangements for our General Assembly and we are already looking forward to visiting Copenhagen in 2007. Last week you should have received the minutes of the meetings held during the general assembly in Athens along with the revised internal rules. Please note that these documents will no longer be published as green booklets, so you need to save them on your computer. If you have any problems reading the files, please feel free to contact the general secretary on secretary@fiva.org.

FIVA Newsletter December 2006

03.12.2006

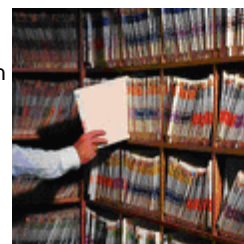

Dear subscriber,

First of all I would like to thank all of you for my election as the new Director of Communication for FIVA, and I hope I will not disappoint you in the next three years. FIVACTUEL has been abandoned in its established format, and we have chosen to provide you with the relevant information by email through this new concept. We will link several articles of this newsletter to our website, where you can find the complete information. We are also working on a new, easier to use version of the FIVA website and we will keep you informed about all the changes. Please feel free to contact us with any information and/or suggestions. Use the following email address in the future for any communication to do with the website: info@fiva.org

Peeter Henning

FIVA Members

We have updated FIVA members' information on our website and checked all the links to their own websites. We would like to ask you to have a look at the information which is posted on our website for your own country, club or federation, and if any mistakes remain, please send us an email (info@fiva.org) with the corrections. We will update it immediately. If the logo of your organisation is missing, please could you provide it in a useable format
[Check your information](#)

FIVA Events

At the request of the FIVA Events Commission the presentation of the list of events approved by FIVA has been changed. We will continue to improve and update this presentation by adding some pictures, regulations of the particular event and any other relevant information. FIVA events are the best direct publicity between FIVA and the general public,

so let's try together to have, in the future, more events on the FIVA calendar. For any information you may need, please get in touch with George Ioannides.

FIVA Award presented ...

Over the weekend of 2nd & 3rd September the 7th International Concours d'Élégance was held at Paleis het Loo in Apeldoorn, Holland. Cars can only be presented once at this concours and the question remains as to how it is possible that the organisers of such an event can find cars each year, which have not been presented before.
