Events

We receive more and more photographs about events run under FIVA licences. This means that our efforts have been positively received by the organisers. The Events Commission will continue to report on events and to promote the organisers in the future. By the way, it is time to introduce your Event for the FIVA Calendar 2008. Don't forget to have a look at the photographs on our website. [Link to the gallery](#)

Dear subscriber,

First of all we hope you have got a wonderful holiday with a lot of sun and pleasure with your historic vehicle. Please read the following messages which may interest you.

Maastricht Exhibition 2008

Four FIVA members will be present at the Maastricht Exhibition (NL) which takes place between the 11th and 13th January 2008. Holland, Germany, Luxemburg and Belgium are jointly organising a stand where they will demonstrate to the visitors, press and authorities that the future of our planet is also our concern and that our historic vehicles are not polluting the earth.

Authenticity

In 2005 FIVA organised in Italy a forum about the authenticity of historic vehicles. We would like to let you know that the Italian federation, ASI, has provided us the complete book of the proceedings in a digital format. We would like to invite you to have a look at this marvellous edition. Many thanks to ASI from our side.

Paris-Bordeaux-Paris : discover the adventure of the first ever major automobile race in History! From June 11 - 13, 1895, the pioneers of the nascent automobile industry - de Dion, Panhard, Levassor, Benz, Peugeot, Bollée, Michelin - came head-to-head over a distance of more than 1200 kilometres. The event marked the triumph of petrol driven engines over steam and the appearance of the pneumatic tyre. The modern automobile was born. Just to inform you that this book will be available very soon.
